**What housing options will be available?**

All of our residence halls will be open with strict social distancing measures in place. 330 Cooper, 215 Apartments and Towers will be open.

**Will there be security in the residence halls?**

Our buildings have 24/7 doorman with security. RUPD staffs the lobby overnight. All students will have access to the buildings via their RUID card.

**Will I have roommates?**

No. Students will be assigned a single bedroom but will share the apartment with other students.

**Do residents have to get the COVID-19 vaccine?**

Students will not be permitted to move-in without being cleared by the Wellness Center. Clearance will be granted once proof of your vaccination is uploaded.

**Can I have visitors?**

We will not be permitting visitors into the residence halls.

**Where can I park while living on campus?**

Residential parking permits will be available to purchase in late August and are valid for lot C12.

**Can I pick my own apartmentmates?**

If you know who you want to live with, please indicate their name on the contract under “roommate”. All students who want to reside together will need to place the name of the other students on their contract. We won't honor requests if all names are not listed on the contracts.

**What will be cleaned after I move in?**

OHRL will be responsible to clean “common space”– this is any space outside of the apartments. Twice a day disinfecting of high touch points within all common spaces will occur. Main hallway carpets will be vacuumed daily and have a bi-weekly disinfecting using PUR:ONE via spray gun. Residents are responsible for cleaning their own apartments.
## What are my next steps?

1) Students who want to live on-campus and are eligible will receive an email with link to complete an attestation form on July 15.
   2) Students must submit the form by July 19 by 5 p.m.
   3) Eligible students will receive room assignment and move-in information at the end of July.
   4) Move-In for undergraduates will occur from August 28-31

## What is I want to change/cancel my Housing Contract?

If you want to cancel your contract with no penalty, you will need to cancel your contract prior to July 19, via the housing website. Cancellation of a housing contract beginning on July 20 will result in a $600 cancellation fee being applied to your term bill.

## What if I have special needs or accommodations?

If you have questions or would like to request housing accommodations related to a diagnosis or disability, please reach out to the Office of Disability Services for more information. You can contact them by sending an email to disability-services@camden.rutgers.edu or by calling 856-225-6954.

**Students with pre-existing medical conditions**

We highly suggest working directly with the Wellness Center even if you under the care of another physician. Students should keep up-to-date lists of medical conditions and medications, and periodically check to ensure they have a sufficient supply of their prescription and over-the-counter medications.
